

Stiliyan Ivanov

31 General Gurko Street
Kazanlak, Bulgaria 6100

(+359) 88 4749 569

stilian02ivanov@gmail.com

EDUCATION

- **High School**

Nikola Obreshkov High School of Mathematics and Natural Sciences, Kazanlak, Bulgaria

September 2013 — present

Expected graduation: May 2021

HONORS AND AWARDS

- Singapore And Asian Mathematical Olympiad , remote participation— April 2019
[Silver medal](#)
- Mathematics Without Borders International Tournament Final, Nessebar, Bulgaria — July 2018
[Golden medal](#)
- Thailand International Mathematical Olympiad, Bangkok, Thailand — February 2018
[Bronze medal](#)
- National Autumn Physics Competition, Varna, Bulgaria — November 2017
[Third award](#)
- National Spring Physics Competition, Burgas, Bulgaria — March 2016
[Second award](#)
- Asia International Mathematical Olympiad, remote participation
August 2016 — [Gold medal](#)
August 2015 — [Silver medal](#)

HIGH SCHOOL ACTIVITIES

- **National program “Training for IT career” — November 2018 — present**
Intensive learning of the programming language C# — basics, object oriented programming, algorithms, data structures, database.
Create programs with practical applications — for everyday use and in the field of mathematics.
- **Summer school in mathematics and physics, Teo Foundation — July 2018**
Introduction to calculus — limits, infinitesimals, differential calculus, integral calculus, and its usage to solve problems in the field of physics.
- **Mathematics club — October 2016 — present**
Solve mathematical problems from different spheres — geometry, algebra, number theory, combinatorics.
Preparation for national and international mathematical competitions.

CAREER DEVELOPMENT

- Extensive experience with the programming languages C#, C++, Visual Basic.
- Experience with MathLab.
